

We would like to draw your attention to the New chapter on Radiopharmaceuticals in the International Pharmacopeia (Ph. Int.). This is published for all WHO Member states to help them ensure high quality of medicines.

[Please see web-link for the new chapter on Radiopharmaceutical in the International Pharmacopeia.](#)

This is four years joint efforts to deliver this to Member States.

Most pharmacopeia do not have anything on radiopharmaceuticals and therefore adopt what is written in Ph. Int. Unlike the European or US Pharmacopeia it is Free!

**10th Congress of the World Federation of Nuclear Medicine and Biology**  
**Cape Town 18 – 23 September 2010**
